## Octobe 5,12020

The President The White House 1600 Pennsylvania Avenue, NW Washington, DC 20220 The plan should beginnith the vulnerable population blext, the essential workers at greatest risk of infection, such as health care workers and first respondent be essential worken cannot work from home, such as construction workers, should blyfollow. While the construction industry has gone to great lengths to protect with skers from the coronavirus, and it has been largely successful, its workers merit priority over other essential workers who have the option of working remotely

3. Ensure that Vaccination Distributions Do Not Lead to Needless Economic Disruptions.

AGC believes that both the public and publior ficials will require assurance that the distribution of vaccines will be rational derlyand relatively quic therwise they may overreact to the news that vaccines are available. AGC perceixies that public officials makemand or require ven
